INFO ON CAMPS & RETREATS

OVERVIEW Justin does leadership and organizational commitment programs on all levels. These programs change significantly with each group. If you're interested, get your details together and give us a ring. We'll work with you to develop a program tailored specifically to your needs. Some of the most popular topics include leadership, goals, service, and recruitment.

LEADERSHIP PROGRAMS

PROGRAM Don't Just Sit There...JUMP! If you are going to be a leader and if you are going to be a success, you will have to take risks. Risk little and get little successes. Risk big and get big successes. This program will shove you out of a perfectly good airplane into the world of the unknown, where your dreams become reality. Justin will guide your participants on an adventure of learning to break through fear, pride, insecurity, and the unknown. He will have them totally excited and ready to jump straight into success. Topics discussed will include fear, failure, standing up straight, being a cheerleader, and the importance of asking questions.

TIME 60-90 minutes

CHURCH PROGRAMS

OVERVIEW Justin's passion is to pour out the truth—straight up and simple. He is truly the essence of Acts 4:13. However, there is no practical way to describe all the programs Justin offers for churches. Some of the most popular topics are salvation, commitment vs. experience, being Dateable, prayer for the ADD generation, and a youth pastor workshop.

If you want Justin to come speak at church, let's chat. Justin is also perfect for singles' programs, retreats, mission trips, and parent conferences. Or sign up for Lookadoo's Sunday Slam and bring Justin in for a 3-part Sunday program: preaching in the morning service, teaching a parent conference in the afternoon, and hosting a Dateable event for area teens in the evening. This allows all your people to have the Lookadoo Experience, and creates opportunities for reaching their deep, varied needs in relevant ways.
